Appendix to Certificate No: 1566a Cochrane Steel Products (Pty) Limited

Issue: 01

Document Ref.	Revision / Issue Date	Title / Contents
C-04-227-12-00-00-00 (sheet 14 of 15)	01 18/04/19	Fastener layout
C-04-227-12-00-00-00 (sheet 15 of 15)	00 23/04/19	Typical corner details

Notes

1. The 'angles in fence line' define the range of angles covered by the scope. These are measured between the attack faces of two adjacent fence panels.
2. The fencing system is available in configurations to suit either surface mounting onto hard surfaces or embedding within concrete foundations placed within the ground.
3. It is important to ensure that the local ground onto/into which the fence is installed offers compatible strength and that the fence is installed in accordance with the documents listed in the table entitled 'Approved assembly and installation drawings'.
