

Certificate of Product Approval

Certificate Number: 450j

Issue: 04

Technocover Limited (Incorporating TechnoRail & Strataform)

Henfaes Lane
Welshpool
Powys
SY21 7BE

is authorised to use the LPCB mark in association with the product(s) listed in this certificate and appendix having complied with the requirements of the standard(s) detailed below:

Product

UltraSecure SCD1/DV3
UltraSecure SCD2/DV3
hinged mesh panel security doorsets

Standard

LPS 1175: Issue 7
Requirements and testing procedures for the LPCB approval and listing of intruder resistant building components, strongpoints, security enclosures and free-standing barriers

This certificate and appendix is maintained and held in force through regular surveillance activities

Kaba	Kaba K18 with 11 mm open shackle (item No. K180010-SS)	Kaba	K20-C5

Notes:

1. Certification does not cover the use of locks other than those listed above. Utilisation of unlisted locks may affect the level of security offered by the doorset.
2. The 'user friendliness' of employing the padlock listed above has not been assessed as this is beyond the scope of LPS 1175: Issue 7.
3. The compatible Abloy padlocks are approved for use when bearing an alpha-numeric code denoting the date of manufacture as December 2013 or later. Alternatively, the V01 version of the equivalent padlock may be used without undermining the security rating.

This certificate and appendix is maintained and held in force through regular surveillance activities

4. The resistance of the mechatronic cylinders to "non-mechanical" attack has not been assessed as it is outside the scope of LPS 1175. Likewise, the approval does not cover possible effects of any susceptibilities relating to the functionality and performance of ancillary equipment that may be used in conjunction with those cylinders. It is therefore recommended that specifiers satisfy themselves that the components used are either resistant to electronic methods of attack, or that they are suitably protected from such tampering/abuse and are resistant to any environmental conditions/interference that may cause the locking system to disengage.
5. The Ultrasecure SCD1/DV3 and SCD2/DV3 mesh panel doorsets are approved when installed in accordance with the instructions detailed on document SCD-DV-3-FIT-01 (Ref.A).
